

PT 342-343 Functional Neuroanatomy Worksheets

UNIT 2 Figure 6a

Atlas of the Brain and Spinal Cord
p. 113

Can you locate:

Olfactory bulb and tract, Optic chiasma and tract, Mamillary bodies and Oculomotor nerve.

- | | |
|----------------------------------|----------------------------------|
| A. Longitudinal cerebral fissure | J. Lingual gyrus |
| B. Optic nerve (II) | K. Parahippocampal gyrus |
| C. Infundibulum | L. Uncus |
| D. Midbrain (cut surface) | M. Collateral sulcus |
| E. Cerebral aqueduct | N. Medial occipitotemporal gyrus |
| F. Inferior colliculus | O. Occipitotemporal gyrus |
| G. Splenium of corpus callosum | P. Lateral occipitotemporal |
| H. Isthmus of cingulate gyrus | Q. Rhinal sulcus |
| I. Calcarine sulcus | R. Hippocampal sulcus |
